# SCOUTS' DUTIES

---

Scouts wake up early, go to stand in the line, sing scout anthem, walk like soldiers. It's very important for them. It's a tradition.

# Food

---

Scouts eat at the camp. Chefs are not the best, but sometimes they make hot dogs!!! The food is okay, I actually like it. In the morning they make porridge, eggs, sandwiches. For lunch we eat soup, other food, like cutlets, grilled meat. For dinner we eat the same food as we have for lunch.

# Leaders

---

We have scout leaders, they're really honest, funny, nice and, of course, strong. They also have to get a stick, because there are many levels of leaders. It's like owning a belt in karate 😊

# Thanks for watching
