

Dear Anna,

Thank you for your email. It's great that you're planning to visit me next summer.

I really excited and can't wait when you come to my house. So, I have a little plan what we can do when you been in my house. First day we must visit the Aqua park and Disneyland. Second day we're going camping in the forest near my grandparent's house. We're planning to be away for one or two days. If you don't want to go camping, we can go to cinema, trampoline place, museum or ice skating-rink.

You could visit any time during the last week of the summer holiday. My parents said that they can take you from the airport if you want.

So, when are you planning to arrive? How long you planning to be in my house?

All the best

Greta 8C
