

Dear John,

Thank for your email. It's great that you're planning to visit us next month.

As soon as the second term finishes, I'm going to our family's beach house to spend some time there with a few of my friends. We're planning on staying there for about two weeks. We really want to go to the beach, have late night bbq's and other fun activities. After I get back home I'll spend some time at home and after that, we're planning on going to Croatia and we'll spend about a week there.

You could visit us at the beginning of the month. Because later in the month I'll need to get ready for my new school. Buy school supplies, new uniform, backpack, shoes, and other stuff

I'd be grateful if you could confirm the dates of your visit as soon as possible, so I could make sure not to make your plans during it.

All the best

Ignas 8B
