

Hi, Jeff!

I really like your idea to visit me and my family during holidays. It would be so fun to spend some time with you, because I'm always bored when holidays come. You will make my holiday so much more interesting!

During your visit we will be having lots of fun, I'm sure of it. We will walk around Vilnius, I will show you around the Old Town (although I'm not that familiar with it myself), we will eat lots of delicious food for sure – cepelinai, balandėliai, šaltibarščiai – Lithuania has tons of amazing food! We will do our best to celebrate the holiday. I also wanted to ask, when are you planning to arrive and how long are you planning to stay? The door of my home is open for you 24/7, you know that, right?

I can't contain myself, I'm so excited to see you after so long!

Your friend Martyna
