

Dear Sir or Madam,

Having read your advertisement on your website. I am interested in attending one of your South America tours and would be great if you could give me more information about some of your arrangements.

Could you tell me if there are any places in May?

I'd also be interested in knowing if you offer a discount for groups. Please let me know what is included into the price?

Would you mind sending me a complete list of dates available for May?

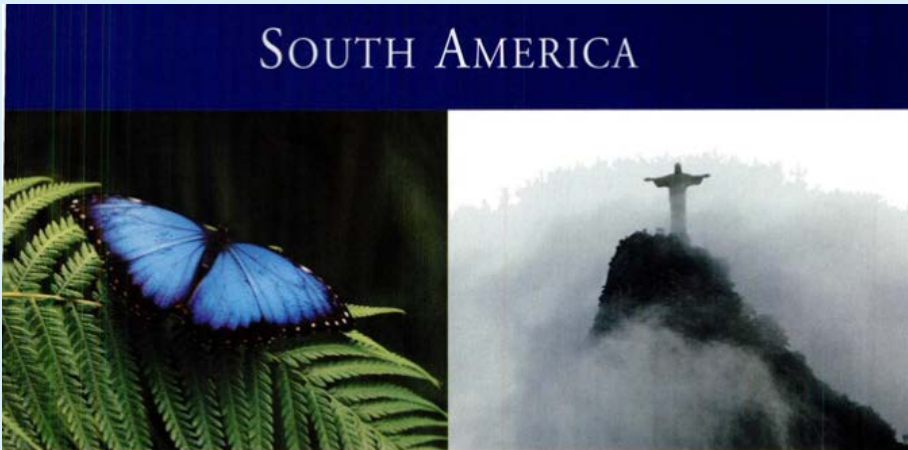

I look forward to hearing from you in due course.

Yours faithfully,

Emma Wilson
