

Dear Mr. Jack,

Having read your advertisement online, I am very interested in attending your Murder Mystery Night, but it would be wonderful if you could give me more information about some of the arrangements.

I'd appreciate if you could tell me what colorite should the cocktail attire be. I do assume that dark colors are more appropriate for this occasion, but maybe it would be a fun change with some livelier colors.

Also I'd like to know if it would be possible to bring my pet rats with me. They are very social and kind animals, so I don't think that they would disturb anyone, but please do let me know if pets are not welcomed in this event.

Could you please let me know the average of guests that may come to the party? Because if I do bring my pets with me, if there will be a lot of people, I have to prepare them mentally for that (they get easily scared of crowds too big and then accidents would happen).

I'd be grateful if you could also tell me if there will be any alcohol free drinks because my wife is not a big fan of them.

I look forward to hearing from you in due course.

Yours sincerely,

Ema Gec
